** IF Teams have to withdraw due to COVID the placements for Saturday games will change and be flexible - We will try and create the best matchup when and where it would apply.

**** After games are completed on Thursday - I will send email out with schedule for Saturday games to all schools involved.

***** If weather happens - we will push games a day. So Friday is a possibility. If we get multiple days of weather - our goal will be to get each team at least 2 games if possible and not have the trophy games.
