Financial information - will be working on something over the summer

Would like to see every sport represented at booster meetings from August to June

Team dues, would like to see them all run through Boosters. A 3.5% fee should be added onto the team dues to cover the cost.

Senior banners are paid for by senior parents.

Fundraising money should benefit the team that did the fundraising that season.

Camps are different category.

Player dues need to be precise because they must be spent during that player's season

IN August the parent/booster rep cheat sheet should be ready. This will be general guidelines from the ADA department

Each team rep should be creating a notebook to be passed down. This notebook should include information about media guides, Hoco parade, team dinners, team dues, etc.
